History of Additional Work Progress Completed Under Expedited Work Activities Not Included in Any Work Program Completion Report	

Attach all of the following:

- A. A copy of the minutes of the Peer Group meeting at which the expedited corners were ratified.
- B. A copy of the recorded LCRC for each corner established from expedited funds (only those which were not previously provided).
- C. A download from your Corner Recordation Data Collection System for all corners recorded from expedited funds (only those which were not previously provided).
- D. A download from your Corner Recordation Data Collection System for all three-dimensional coordinates for NGRS stations and two-dimensional coordinates for all other stations or corners (only those which were not previously provided). Include all data required in your approved County Plan and sections 5(a), 6 and 7(2) of Act 9, P.A. 1964, as amended, certified by the professional surveyor responsible for establishing the coordinates.
- E. Enter each control station recovery (not previously provided) on a 3-1/2 inch diskette according to the NOAA/NGS "DDPROC" recovery report instructions and forward a download to this office.

1991				
1993				
1994				
1995				
1996				
1997				
1998				
Total Expedited Work Activity (add columns down)				

NOTE: This application will be reviewed for eligibility and you will be informed of the outcome. A completion report which reports the county survey and remonumentation program as 100 percent complete must be submitted no later than _____, 19 years after your county plan was approved by the Commission in order to be eligible for any reimbursement. Reimbursement will commence in the year following the year the survey and remonumentation program is complete. A perpetual monument maintenance program shall begin the year following the year of completion of monumentation or remonumentation. Reimbursement of eligible expenditures will be over a period of not less than 10 years.
